PAPUA NEW GUINEA

Greetings and welcome to our Autumn/Winter 2022 edition of the Holy Childhood Newsletter. We hope that you have settled into the new school year – and that there will be no interruptions!

Our country of focus is the very fascinating Papua New Guinea (PNG). This is because our Holy Childhood Association (HCA) is supporting Elementary Education in the Diocese of Wabag, Enga Province, Papua New Guinea. We are helping people involved with the teaching of Religious Education in parishes and elementary schools.

INTRODUCTION

Papua New Guinea has many tribes who speak different languages and live separate cultures. These communities are isolated from one another. There are many mountains with dense tropical rainforests. There are over 600 islands. There are not many roads and today air travel is widespread. Most people grow their food in rural areas and do not have electricity, televisions, computers or phones.

- ♦ Papua New Guinea's over 850 different languages are actively spoken. Today, there are 3 official languages: English, Tok Pisin (Pidgin), Hiri Motu.
- ♦ The population is over 7 million, more than twice as many as were 40 years ago.
- ♦ PNG contains the 3rd largest rainforest in the world. The weather is tropical.
- ♦ There are 20,000 plant species, 800 kinds of coral, and over 650 types of fish.
- ♦ PNG's main economic resources are gold, copper, coffee, tea, timber and coconut.

THE PROVINCE OF ENGA - GEOGRAPHY

Enga province, to which the HCA is providing help, is in the centre of the PNG Highlands. There are rugged mountains, steep valleys, deep gorges, fast flowing rivers, waterfalls and very thick rainforests. The main town is Wabag, where our project is centralised. There are very few roads in Enga and people do a lot of walking.

EDUCATION & RELIGIOUS INSTRUCTION

Mixed class - Paiela

Most children today attend Primary School until Year 6. Some will complete Year 10, after which a smaller number will go on to colleges to become teachers or trades workers. The Catholic Church is very active in working in schools. Priests and Catechists walk long distances between communities to offer support. Students and teachers do all of the cleaning and maintenance

chores. In remote areas, they even build the schools before classes start!

The following pictures are from a remote town called Paiela. The writer of this Newsletter (pictured) spent time in the local school and village.

CULTURE

There are many different cultural groups within PNG. All Papua New Guineans are known for their body art and dances. Thus Engans have their own unique styles, as shown here.

THE PEOPLE

People in most areas of Enga are subsistence villagers who grow their food and raise pigs. They are generally healthy and happy people. Inevitably, the modern world has crept into Papua New Guinea and initiated changes. Many tribes have only recently been exposed to “modern” lifestyle, culture and Christianity. The Highlands of PNG were only “discovered” in the 1930s. There are people today who have never seen Western/ European people.

ADVENT 2022

Once again, Christmas is not too far away. When a special event is going to happen in your household or family, what do you normally do? **PREPARE**, that's what! This might mean special baking, making or buying gifts, cleaning the house, making a list of special things to do or places to go. The same is true of Christmas. Advent is a time to **PREPARE**.

How do we do this? What follows is a list of special things connected with Advent. Ask your teacher, catechist or parents to do some of these with you. Then you will be really prepared for Jesus' birthday!

PONTIFICAL SOCIETY OF THE HOLY CHILDHOOD: DRAWING COMPETITION FOR YOUNG PEOPLE

On the 100th anniversary of the establishment of the Pontifical Society of the Holy Childhood, the International Secretariat has announced a **"COMPETITION"** for missionary children and adolescents. You are to respond to the question *"What does Missionary Childhood and Adolescence mean for me in terms of being a Society of the Pope?"* You are to answer with a picture that shows your missionary activity accompanied by a brief descriptive caption of your work and how you feel about being a Missionary connected to the Pope.

The contest closes on May 19, 2023. In order for entries from around the world to be collected and judged, your entry must be received in Toronto by February 28, 2023. Send your entry to:
