

Holy Childhood Association

June 2026

Dear Parents/Guardians

Pope Leo's Message for Lent 2026 had the theme: ***Lent is a time of conversion.*** "Lent is a time in which the Church invites us to place the mystery of God back in the centre of our lives, in order to find renewal in our faith and keep our hearts from being consumed by the anxieties and distractions of daily life."

Pope Leo wants us to use this time of conversion to walk together to where God leads in helping disadvantaged children throughout the world. How can children do this in this time of political upheaval and war in the Ukraine, the Middle East and elsewhere?

I suggest that involvement in the Holy Childhood Association (HCA) is an effective way to keep our children involved. Mission activity is a visible sign of doing good and recognizing Jesus. Participation in the HCA provides children with the opportunity to learn and grow actively in their Faith and put it in action through practical acts of service. Throughout the world, children participate in similar mission clubs with the objective to pray, learn and share with needy children in mission countries around the globe.

Membership in the HCA allows children to become directly involved in projects in developing countries aimed at improving the lives of needy children. They receive, free of charge, two Newsletters each year. These Newsletters provide some information on a current project along with interesting facts about the country to put the aid in context. The Spring/Lent 2026 issue focused on Egypt. There are many other support materials such as mission animation activities, prayer cards and posters that your school/parish can access from the HCA National Office or on our web site. The materials can be used across the curriculum and are designed to complement the Religious Education program in schools and parishes.

In the past 2 years, children in schools and parishes throughout Canada raised nearly \$400,000 to help children in mission countries around the world. All donations (100%) from children in Canada go exclusively to help children in the developing world. Development projects can include catechetical programs, literacy, nutrition, health care, meal programs, the provision of new schools and libraries, caring for children with AIDS and orphan care. Funds for educational resources come from our generous adult donors.

How can our children help children in less fortunate countries and become active missionaries? The Holy Childhood Association could be your answer! For further information, please visit our web site at www.missionsocieties.ca, telephone the HCA office at **1-800-897-8865** or send an email to hca@missionsocieties.ca.

Thank you for your support.

Most Rev. Bishop John A. Boissonneau
National Director
Pontifical Mission Societies (English Canada)
